Press Release

RE: Opening of the Fairgrounds, Plans for Youth to Showcase Livestock & Projects

Date: 5.29.2020

The Cooper County Fairboard members met on 5.28.20 to discuss the plans for re-opening the fairgrounds. The board unanimously voted to reopen the fairgrounds for rental and events. The fair continues to seek recommendations from the County Officials for guidelines and procedures in order to adhere to the Mass Gathering Recommendations published by the county.

The Cooper County Fairboard members also voted to actively pursue to plan an event that will showcase our local youth exhibits during the 65th Annual Cooper County Fair dates, July 21-25th. Committees are working to limit the number of participants at each event, modifying activities, restructuring programs, and increasing sanitization measures for the facilities and participants as Governor Mike Parson recommends.

The Cooper County Fairboard members would like to thank the community for their continued support. The goal has always been and will remain to be to do what is best for the youth within our community. The Fairboard members will diligently continue to adjust and readjust plans based on the ever changing COVID-19 status. Please watch our website, coopercountyfair.org for updates and further Press Releases.
